MONDAY AUCTION ROOM PROCEDURES

All lots must be delivered between 9am and 3pm

Due to the fact that we are now so busy on a Monday, from a security and safety point of view, it is essential that the following important delivery procedures are observed by visitors bringing large quantities of items in for sale :-

1. On arrival drive your car into the building when instructed
2. Unload and place your items where indicated by a member of staff.
3. Immediately you have unloaded remove your vehicle from the building and then return to unpack your goods for receipting.
4. Stay with your goods until you have been booked in.
5. As soon as you have been given your receipt please leave the premises. Our staff will arrange your items for sale.
6. In the interests of security of everyone's items, we will not allow any viewing on a Monday. **This is important.**
7. Viewing for the weekly sale takes place from 8.30am on Wednesday morning, with the sale starting at 12.00pm. A list of items on offer is available on our website at www.silverwoods.co.uk from approximately 4.00pm on Tuesday.
8. Please speak to a member of staff if you have any other queries. We are here to help.
