2017

## Our Programme of Auctions

### Weekly

**Auction of Antiques, Collectables and Furniture**  
Every Wednesday starting at 12.00pm

This popular and lively auction has a deserved reputation among the buying community as one of the very best of its type in the country. The weekly auction will often feature up to 500 hotly contested lots of antiques, collectables and furniture and a listing is posted on Silverwoods' website the night before every auction.

### Bi-Monthly

**Fine Art and Antiques Auction**

These prestigious catalogue auctions of hand-picked Antiques and Fine Art are conducted in the saleroom and are also live worldwide on the internet, so that keen collectors from all over the world are able to bid. The full range of top quality antiques are on offer, regularly supplemented with Specialist Collectors sections or dedicated sales, featuring areas such as Militaria, Toys and Books, Sporting and Country and Glassware to name just a few.

Silverwoods pays vendors as soon as possible after this auction, just as soon as cleared funds are received from the buyer.

**Rural and Domestic Bygones**

Rural and Domestic Bygones auctions take place on Saturdays in January, March, May, July, September and November featuring unusual vintage items, curiosities, agricultural, railway, dairy and gardening antiques and collectables.

*French Marble Clock Garniture, £950*

# Silverwoods

of Lancashire

One of the North's leading independent auction houses, Silverwoods' friendly and expert team of valuers and auctioneers will appraise your antiques and advise you on the best way of selling them should you wish to do so. The company auctions the full range of antiques from furniture; ceramics and glassware; silver and metalware; stamps and postcards; watercolour and oil paintings; prints and engravings; jewellery, gold and watches, clocks and objects d'art as well as more modern and contemporary items.

Situated in the centre of the UK, Silverwoods is uniquely placed to offer an unrivalled range of services to private house owners and other vendors throughout the North of England.

Silverwoods is proud of its policy to pay selling customers as soon as possible after the weekly sale – cheques are sent out immediately and received by our vendors in just a few days, and certainly no more than a week.

*Basset-Lowke Flying Scotsman, £380*  
*Front cover - Rolex Oyster Perpetual datejust, £6200*

## Valuations and Entry of Lots

**Every Monday** from 9.00am to 3.00pm we provide a free appraisal and valuation service where you can just call in to the saleroom without appointment. You can also leave your items for either the bimonthly or weekly auctions with us at this time, should you decide to sell them.

**Every Friday** a private appointment can be arranged for consultation with one of our specialist valuers. This service is ideal for unusual or high value items that may need detailed examination. To request a private appointment, phone or email images and brief description to [info@silverwoods.co.uk](mailto:info@silverwoods.co.uk).

**Home visits** can be arranged at the discretion of the Auctioneer - for instance where antique furniture is involved, for a major house clearance which involves valuation of a large number of goods on-site or if a vendor has difficulty in visiting the saleroom.

Note: Some items submitted for entry may be rejected for legal reasons or to safeguard quality of goods offered at auction. All items are subject to the auctioneer's approval. Please ask as we are always happy to offer advice and on alternative methods of disposal.

Great War Medals, £750

## Removal and House Clearance

Efficient and sympathetic advice can help reduce the stress of moving house or disposing of contents after the death of a relative. Silverwoods will organise the removal of all saleable house contents to auction – from top quality antiques to general household effects.

We tailor this service to the needs of each customer, with our aim being to get you the best possible prices for your unwanted goods. This can be done as part of probate and with absolute traceability of all items.
